

Lewistown Community Covid-19 Collaborative

Our purpose is to provide the Lewistown community with relevant and timely information regarding the Covid-19 pandemic. Local health care providers (CMMC, Community Health Center, SCL Health Clinic) have teamed up with Central Montana Health District, Lewistown Public Schools, and childcare organizations (Central Montana Head Start, Small Wonder and Fox Den) to communicate changes which affect the local economy and larger community.

- Face coverings are required in all counties. (age 5 years and up)
- Restaurants and bars are open at 50% capacity, and close by 10 p.m. Public gatherings are limited to 25 where social distancing is not possible.
- A testing center at the airport has improved Covid-19 testing efficiency.
- All health provider offices/clinics remain open for well and sick visits. Most offices offer traditional office visits and virtual telemedicine visits.
- Lewistown Public Schools: High School and Junior High are currently on an A/B schedule (50% capacity) with two in-person learning days each week and the remaining distance learning. Kindergarten through Sixth grade remain in-person 5 days per week at 100% capacity). Current student attendance rate is 94%.

Frequently Asked Questions: Testing

I have symptoms. How do I get tested? Contact your healthcare provider's office. If you currently do not have a healthcare provider, call any of our local providers at the CHC, CMMC, SCL, and Total Family Care.

I've been identified as a 'close contact' and have been in contact with the Central Montana Health District (CMHD) 535-3983. How do I get tested? CMHD will schedule a time for you to be tested at the Airport Testing Center.

Do I have to be tested if I have symptoms or am identified as a close contact? Testing is highly recommended although not required. Testing gives valuable information about the virus and helps to identify other close contacts thereby helping to decrease the spread.
